Sponsor Topics

What is the path forward for the Working Group – all of EFCOG as an organization?

Is there enough support to continue with the Working Groups?

John Deere Visit (Spring Working Group Meeting)

Monday – Travel - reception Tuesday, John Deere

Wednesday Working Meeting - is on the agenda of the Wednesday meeting for our Working Group.

Relevance of the Working Group – Look at option, future of the Working Group and w/DOE EM Support. Poor EM Contractor support. Get NNSA Site Support into the Working Group.

FIU – Continue to work ? for valuable use and availability of D&D information Lessons Learned.

Discussed assistance – tie in with/Engineering Working Group & FIU relationship.

Reviewed Cost Estimating models – support of a Best Practice...Lessons Learned.

NOTES:

Lessons Learned: formatting is a driver to being able to be of better use. Possible FIU becoming a main supporting entity.

FIU involvement – direct with our Working Group.

Discussed Collaboration Agreement meeting w/FIU and Working Group. Identify what FIU can do to work and assist our Working Group. Internal? – valuable resources – for our industry.

Look at an information sheet format for the sites to use – fill out what can supply information to others in the D&D industry.

- Action Items List for our Working Group to track monthly.
ARRA Funding – what's next after Stimulus funding is exhausted?
- Safety Topic – Value Creation Topic – w/Agenda
- Past questions – ask the experts for responses.
Discussed sharing D&D Consideration – outline - for new construction.
Vote to also keep the Working Group going forward through the next meeting.

Best Practices to continue – Simplification of the format and to also finalize a “checklist” to be used. FIU to support.

- Identify actions to place on onto our new Action Item Tracker.
- Identify actions to place onto our new Action Item Tracker.
- Spring Meeting: Review charter – Update the definition of the charter.
