- 1) Howdy's – Winter is arriving in Idaho.
- 2) Safety Story/Tip
  - Footwear Policies to prevent Slip/Trip/Fall incidents.

Issues to note:

- 3) Tasks Review: Encourage people to complete the surveys!  
Task 1: Survey ready – plan to send out this Friday for a two-week requested turnaround.  
Task 2: Alice has been involved in conference calls on this; contacted by J. Yanek about including another ISM function if there is a good environmental fit. Will have information to present in October.  
Task 3: No update  
Task 4: A survey has been distributed, with a very low response at this point. Members are urged to respond.  
Task 5: Two updates have been submitted by Alice for posting, but they are not showing up – Alice will do some checking.  
Task 6: John sent a developmental guidebook to Ed Yatsko to load onto the web, for eventual run-out in about one month.  
Task 7: Survey results are in for discussion – provided to EH-41 as requested.
- 4) Fall '06 Meeting – Agenda ok'd for posting.  
John volunteered to act as the secretary for this meeting.  
David was asked if he could provide a view of 'one year later' similar to his talk about managing after Katrina hit the Gulf Coast. John provided ½ hour from his presentation time.
- 5) Meeting ended at 2:23 p.m.
