

# Performance Analysis Task Team

Tuesday, April 25, 2006—8:00-5:00 (Cochitti Room)

Facilitator: Connie De Grange (LLNL)

This will be a working session to finalize the Performance Analysis white paper that was initiated in 2005. All participants are welcome and we encourage anyone involved in the Performance Analysis process to participate. However, it will be helpful for participants to read the draft white paper prior to the working session. A copy of the draft white paper is available on the Meeting Agenda web page.
