

EFCOG ISM WG Spring 2007 Meeting Agenda

EFCOG ISM Working Group, QA Subgroup Agenda

Tuesday Afternoon 5/1 1:00-2:30PM

Human Performance Integration with Quality Assurance

This training will cover how Human performance tools can be integrated into the Quality Assurance programs to improve procedures and process. The training will include sources of latent organizational weaknesses and how to find them, use of the jobsite conditions assessment tool, critical steps, error precursors, and how procedures can be developed to prevent human error.
