Physical Security - SubGroup

Meeting Minutes – January 15, 2008

A briefing was given to Mr. Bill Desmond, Associate Administrator for Defense Nuclear Security, and other DOE representatives regarding the Security Working Group “Safeguards & Security Metrics” report at DOE Headquarters, Forrestal Building, Washington, DC on January 15, 2008.

Attendees included representatives from EM, NA 70, HSS, and Mr. Desmond long with Judy Johns, Jimmie Mulkey, Steve Prevet, and Dr. Reuben McGilvary of the EFCOG Security Working Group.

Dr. Reuben McGilvary, Chair - Security Metrics Subgroup and Steve Prevet, Statistician, Fluor Hanford provided an excellent briefing, answered all the questions, and hit a home run out of the ball park!

Mr. Desmond concurred with the results. He would like to move forward pending our final results with an implementation plan for NNSA and hopefully it will be a joint effort with Mr. Glenn Podonsky, DOE Chief Health, Safety and Security Officer.

Steve Crowe was in attendance from HSS and gave us a "thumbs up." He will back brief us regarding the official HSS position.

Dr. Reuben McGilvary and Steve Prevet will present this at the March EFCOG Annual meeting with Desmond and Podonsky following them with closing remarks.

All should be proud of the work that has been completed.

Judy Johns quote *“We have just finished the briefing and from all indications we hit it out of the park! Ruben and Steve were great!!!”*

Thanks.

Judy Johns
Chair - Physical Security SubGroup
EFCOG Security Working Group

Jimmie Mulkey
Chair
EFCOG Security Working Group
